Therefore, it is not without definite application that We prepare to visit the Central Sun of Our System, less We be swept, by some Cosmic Tide, into an enjoyable byway, and forfeit Our right for audience.

I am happy to report that I was enabled to meet the Great Cosmic Representative of the Holy Spirit for Our entire System, Suns and Worlds, and I was enabled to receive from the Central Sun and this beautiful Holy Spirit, a specific Grant to enable Saint Germain to utilize the energies of His carefully trained and dedicated students during the coming six months, and We feel that this will give Us greater cooperative release from those whom We can reach and who are ready to become the vanguard of His advanced Activity.

I have also secured the voluntary assistance of a number of beautiful Seraphic Beings who will assist the great and selfless Beings who are keeping Our Earth from completely slipping out of its axis, and They will share the weight of the human creation which has been the sole responsibility of those Beings, until the purifying agents can lighten Earth's load, and the axis be gently elevated to its proper position - all in God's good time.

The intensification of the Flame of Freedom in the Heart of the Transylvanian Retreat is affected by the direction of a Cosmic Ray from the Great Central Sun and the Sun of the System at the exact moment when the vibratory action of the Rocky Mountain Retreat receded into Its usual pulsation. This added impetus of the directed Rays from the Sun expanded the Sphere of Influence from Transylvania just as an added release of electrical current lights a greater area in the physical appearance world.

The Ascended Masters and all Emancipated Beings Who direct Their Consciousness and individual powers to the Councils being held, again intensified the Parent Flame of Freedom by Their own Light; each one contributing, from the very substance of His own Heart, an added stimulus which again expanded the Sphere of Influence. As the momentum gathered, and as the Magnetic Power of the Cause of Freedom began to attract the conscious and unconscious members of the human race, seen with the inner eye, wave after wave of an outward-flowing substance of Freedom, like the growing tide, expands the periphery of Freedom's Flame until, even from Our state of Consciousness, the ultimate accomplishment cannot be estimated until the contributing factor of each free-will being has poured the substance of his own life into the momentum already gathered there.

All during the period while the Councils are

in session, and the individual Masters are engaged in the instruction of Their students, there is a successive group comprised of Angelic, Cosmic and Devic Hosts Who form the anchorage through the Rays from the Central Sun and the Sun of the System which are directed into the Flame Room where the actual Flame of Freedom has burned undimmed through the centuries. Into this Holy of Holies, no unascended being, even in his finer body, could enter and retain his equilibrium. Therefore, outside of the circular room in which the actual Flame is focused, we have three circular corridors wherein the Light of Freedom's Flame is tempered, and the development and maturity of the attending student determine how close he can come to the Flame Room, receive the benefits derived from Its Radiant Presence, and yet not be overpowered by Its Light.

In each of these corridors there are always twelve of the Ascended Host Who regulate and balance the inner bodies of the visitants so that they may receive the greatest possible benefit from such close proximity to Freedom's Flame, and can carry that Radiation back into their own personal atmosphere and orbit on re-entering the physical work in the waking state. Each group who is allowed entrance into one of these three outer rooms has signified before the Angel Deva of the Freedom Flame his own heartfelt desire to contribute to that Flame by the expenditure of some of his own voluntary energies, and this is the Passport which allows him such entrance.

The direction of the Heart Flame from the Great Central Sun and the Sun of Our System, the Angelic, Devic and Cosmic Hosts, as well as from the Ascended Masters and the members of the human

race is regulated by the rhythmic breath. The outbreath of the Sun is followed by the outbreath of all connected with the adoration and devotion to the Freedom Flame, and the Heart Essence is absorbed into that Flame, making a concentration of power. Then, all the participants draw the Flame inward into their own bodies, holding it until the Master in charge of their section bids them direct it outward to the periphery of the sphere of influence of the Transylvanian Retreat. At the instant that the individuals begin to outbreathe this Flame, the concentrated Heart Flame itself begins to expand through the conductors - Divine and human.

To look at the action of the Retreat from above, it would seem like a great breathing wheel; the Light concentrated in the hub and then flashing out to the periphery and returning again to the hub in the rhythmic pulsation of the breath. Now, every lifestream that is drawn within the actual physical aura of the Retreat is blessed by the radiation on the outbreath of the Flame, but only those who have signified within their hearts a desire to spread the Cause of Freedom become actual participating factors in expanding the periphery of its Sphere of Influence.

The many hundreds of thousands who float in a somnambulistic state in the atmosphere in, above and around the Retreat are, more or less, absorbers; their value mainly lying in the fact that, as their inner bodies are mechanically and electrically charged with the substance, intelligence, power and quality of Freedom's Cause, they do bring that back with them into their waking state and it becomes an emanating force for good in their communities, as well as their

individual endeavors to live a constructive and positive life.

Those who enter into the great circular rooms are really batteries of such concentrated power that it is with the wisdom of centuries of experience that I say that the guard over this added energy must be maintained by the alert indwelling spirit, that the mental, emotional and physical bodies, particularly, do not dissipate this great Gift through misqualifying the Cosmic energies in any discordant manner.

After about an hour, in which the lifestream is engaged in the adoration of the Flame, as described above, he is then free to enter the particular Council Chamber where the Masters are working on current projects, most of which are connected with the dispensations granted by the Lords of Karma in July. Here they may act through their etheric bodies or Holy Christ Selves, and other instruments - mental, emotional and physical, are released for their training in the schoolrooms which are presently being provided through the kind offices of Kuthumi, Lord Maitreya, Jesus and Mary.

Any student who chooses, then, may make his own home and environment a similar wheel, and, following the pattern and visualization set forth above, become an outpost of the Flame directed from the Heart of the Transylvanian Alps at this time, and in the future, duplicate this activity in cooperation with whatever Retreat Sanat Kumara designates to be the focus for the Great White Brotherhood in the coming days.

Blessings and Love,

Because of the significance and import of this Year of 1952, all the Beings who are directly concerned with the evolution, not only of the planet Earth, but of the universe and galaxy to which we belong, have turned both Their attention and the Gifts of Their own Life Expression toward the Victorious Accomplishment of transmuting the 'Dark Star' into a Star of Love and Freedom. The possibility of the Great White Brotherhood securing the conscious cooperation and continued support of the outer consciousness of mankind prompted the granting of the Dispensation at the January Conclave whereby a certain limited number of lifestreams were to be given specific benefits and assistance in an endeavor to bridge the chasm between the waking consciousness and the Directive Intelligence which formed the focus of the True Identity for each such individual.

In the Fourth Sphere, there live, in great Freedom and Beauty of Expression, the Holy Christ Selves of the majority of the human race. They are under the direct supervision of the Master Serapis Bey, and each time the outer personality is called into incarnation by the Karmic Lords, it is the responsibility of the Master Serapis, or One of His Lieutenants, to connect as much of that Directive Intelligence into the incarnating personality as the evolution of the personal self will allow.

The vibrations of the Higher Mind, in order to connect through the brain structure of the
